KRAFTILE GIVEN FINE TROPHY AT SOFTBALL BANQUET

TOWNSHIP TEAM HEADS ENJOY SATURDAY EVENT AT NILES RESTAURANT

Officers, directors, team managers and guests enjoyed a bang-up banquet served Saturday evening in the City of Florence Restaurant at Niles for the Washington Township Softball association, to close their second successful season of play.

Secretary E. J. Pimentel was master of ceremonies congratulated the club on its successful operation and thanked The Township Register for providing the best year's publicity the club had ever enjoyed. He called on Editor Waynflete to say a few words.

Waynflete expressed his pleasure in working with the club and passed the publicity credit to The Register's Newark correspondent, 'Gene Pashote, who did the necessary work in providing weekly summaries of the past summer's play. Pashote took a bow and expressed his enjoyment in his work.

Paul Garcia reported on the successful dance and Treasurer Joe Machado stated there would be about $98.29 in the club's treasury, after paying for the banquet, to carry forward into next year's season. He said receipts, including the cash-on-hand from the 1939 season were $1566.97 and expenditures had totalled $1352.62. He pointed out that two more lights had been added last year.

Gate Keeper Joe Sousa made a few remarks, and the following team managers extended congratulations and made appropriate remarks: Loren Mohn for the Westvaco club; Artie Duarte, W. O. W. manager; Joe Carlson for Gilmore; Ralph Brown for the Native Sons team; John Galvin for the county employees; Tony Dutra for Kraftile, George Maynard, also of Kraftile; Vernon Willard, Knights of Columbus and Charlie Long for Wedgewood.

Board members Fred Rogers of Centerville and E. D. Bristow of Niles delivered messages of encouragement.

Manager Al Silveria of Warm Springs, finishing his second successive year, then took the floor and said 8,750 paying customers enjoyed the games this year. He had had no disputes to iron out and coined an apt phrase when he said "It's the good sport who takes the bad breaks and forgets about it."

He then climaxed the evening's enjoyment by presenting a handsome trophy consisting of three figures in gilt, mounted on stained wood, to the league winners, the Kraftile team. He said the same design of trophy will be presented each year to the winning team and that team would keep the trophy permanently.

Nash Aperry accepted for Kraftile and seemed very happy to receive the trophy for his team.

A managers and a board meeting would be held on January 21 of next year, Manager Silveria said, at which time one member of the seven man board of directors is to be replaced or re-elected.

Under the law, at a general election a ballot may be cast for any candidate regardless of the voter's party affiliation. The party vote applies only at a primary election.

SUPERVISORS TO HEAR ALVARADO PETITION NOV. 7

THIRTY SIX RESIDENTS SIGN FOR ESTABLISHING A SANITARY DISTRICT

ALVARADO—A public hearing at which time a petition will be sumbitted for the establishment of a sanitary district at Alvarado will be held before the Alameda County Board of Supervisors at the county court house in Oakland on Thursday morning, November 7, at 10 a.m.

The petition, headed by Supervisor George Hellwig, contains 36 other names as follows: A. A. Lee, Joe G. Avila, Manuel S. Hendricks Elizabeth Flores, John H. Ralph, F. H. Wiegman, Joseph Jacinto, William Avila, Antone Freitas, Mrs. C. Junt, Antone Santos, Joe H. Priego, D. Diaz, M. A. Silva, M. A. Silva, Jr., L. Cosso, S. L. Smith, Lulu Bettencourt, A. E. Vargas, M. P. Goularte, Mike Gardetto, S. E. Mello, S. Nota, Joe S. Dutra, Manuel Berges, John F. Machado, Anthony J. Rivers, Joseph Silva, Joseph Flores, Anna Roderick, Joseph E. Dutra, Martin Rose, Mrs. A. May, Manuel E. Perry, Richard C. Silva, E. M. Foley. The petition was circulated by A. E. Vargas.

The hearing consummates an effort on the part of the Chamber of Commerce and other citizens for the past several months. The proposed district will include about 300 acres and the tax cost is estimated to be around one dollar per hundred. Preliminary work has been in the hands of Cedric Macabee, engineer of Hayward and Palo Alto. If the election is set by the supervisors after the hearing and if it carries, work will probably begin early in the Spring.

The move was inaugurated after a recent epidemic, which caused the death of one child and sent nearly a score to the hospital was followed with an investigation by the Alameda County Board of Health. The report which was not made public disclosed extreme unsanitary conditions in the town caused by a lack of proper sewage disposal.

CENTERVILLE SCHOOL BONDS CAUSE RAISE IN DISTRICT TAX RATE

CENTERVILLE — The County Tax Collector was in Centerville last Tuesday at Bank of America distributing tax bills for Washington Township. Many tax payers in Centerville district were disturbed by a substantial increase in their taxes. This was caused by increase in Centerville School District tax for bonds for the new elementary school and not by any increase in cost of county government.

The only governmental agency making a reduction in the rate was the Alameda County Water District which reduced the rate from 30c to 27c, making a net increase in the Centerville district of 52c. This increase is direct evidence that bonds voted by district or state or issued by federal authority must eventually be paid by the people.

AUXILIARY TO MEET

Plans for the Christmas party will be made at the next meeting of the Auxiliary of the Washington Township Post of the American Legion to be held on November 4, at 8 o'clock. Nell Farrington Myers, president, will have charge.

WORDS OF WISDOM

NEWARK PAVILION BEING IMPROVED BY S. E. S. LODGE

NEWARK — Work which started last week at the Newark Pavilion, recently purchased by the Newark S. E. S. Lodge is expected to be completed in 30 days, with a grand opening set for the New Year, according to Joe Pashote, member of the board of directors.

The improvement program which will include a new dance floor to accomodate 500 persons is to cost about $5,000. The property was purchased from Joaquin Caldeira for $8,500. The building is thought to be more than 75 years old as Pashote says he remembers hearing his late father tell of skating parties by lantern-light held there when he was a boy.

Quarters for local sportsmen's clubs are being provided in the building which is annually the scene of the S. E. S. Holy Ghost fiesta. Members of the committee in charge of the work are Joe Guardanapo, Sr., chairman; A. E. Francis, vice chairman; Manuel DeSalles, secretary; Manuel Pimental, treasurer and Joe Pashote.

RODERICK CATCHES TWO BOYS SAID IN STOLEN AUTO

At 3 o'clock Wednesday morning Night Watchman Arthur Roderick picked up two boys in an alleged stolen car on the streets of Niles. They gave their names as Buster Erwin, 14 years old, living at 2841 East 8th street, Oakland, and Albert McDonald, 13, residing at 155 Harland Street, San Leandro. He turned them over to the sheriff's office in Hayward.

Lawrence (Slim) Philpott, employee at the Occidental Stove factory left for Avia, Missouri last Friday evening, after receiving word of his father's illness.

"AARON SLICK FROM PUNKIN CRICK" TO BE GIVEN NOV. 8

CENTERVILLE — Aaron Slick from Punkin Crick is the title of the comedy to be presented by the Washington Union High School Student Body on Friday night, November 8, in the school auditorium.

Roy Mathiesen of Centerville is playing the title role as an Oklahoma farmer. The comic lead is carried by Marie Pearce, a tomboy girl. Others in the cast are the city slicker, Bob Manley; the widow, Sally Ann Mayock; the sweet young thing from the city, Mary Cattaneo; the cabaret dancer, Harriet Dias; the detective, Roland Adams.

WOMEN INVITED TO WILLKIE ADDRESS

Joseph Murphy, life-long democrat will speak in support of Wendell L. Willkie for president this (Friday) afternoon in the Washington Union High school auditorium at 2 o'clock under the auspices of the Democratic women of Washington Township. A thousand invitations were mailed last week and the public is invited to hear this speaker.

The Republican women of the Township who have not been circularized are cordially invited to attend this meeting.

Mr. Murphy will be introduced by Mrs. George Sladek, a life-long Democrat of Southern Alameda county.

SET BANQUET DATE

CENTERVILLE — The annual parent son banquet of Washington Chapter of Future Farmers will be held at the Washington Union High School on Wednesday night, December 4, according to James Elsea, faculty advisor.

STUDY YOUR SAMPLE BALLOTS NOW!

(Editorial)

Voters have but four days left in which to settle down for an hour and study the arguments for and against the 17 state propositions, and to read the text of the six proposed county charter amendments, printed on a large sheet enclosed in the sample ballot envelope.

This is a very small service to expect of thinking Americans who wish to vote intelligently next Tuesday on proposed laws which will affect our welfare in county and state.

Of the state propositions your editor urges defeat

SHUT-INS CAN VOTE

Shut-ins should immediately notify the registrar of voters or the county clerk to send a deputy to their place of confinement on election day to collect their vote, Mrs. Frank Hubbard, state chairman of the registration and vote committee of Pro America, announced.

CHAMBER SEEKS TO SOLVE PROBLEM OF WATCHMAN HERE

IN THE ABSENCE OF SPONSORSHIP THE INCUMBENT CANT CARRY OWN LIABILITY

The situation of the services of a night watchman for Niles came up for discussion at the Monday noon meeting of the Niles Chamber of Commerce held at the City of Florence restaurant. The present night watchman, Arthur Roderick's sponsorship by the Niles Junior Chamber of Commerce expires today. The junior body has ordered cancelled the public liability policy, effective today, the premium of which, amounting to $120 annually, they have heretofore paid.

The night watchman cannot take out his own policy, it was pointed out, but can only be covered by sponsorship of a group of citizens, or an organization. With the cancellation of his policy today, the liability for accident or damage rests with the indivudal merchants or all of them, who hereafter contribute to his support.

Chairman George Bonde, upon motion by Secretary A. J. Petsche, appointed Walter Waynflete, Dr. T. C. Wilson, Vernon Ellsworth and Joe Clevenger a committee of four to wait upon the Junior Chamber with the object of working out a solution to the problem.

The secretary read a letter from the County Employees association urging a yes vote on county charter amendments numbers 2, 3 and 4. Waynflete asked the members to read the text of these amendments enclosed on a printed sheet with voters' sample ballot, and note that proposal 5 raised the ceiling for the maximum monthly benefits to retired county employees from the existing $250 maximum, to a new maximum of $400. He also urged a no vote on amendment number 1 which would extend pension privileges to all elected county employees, down to the most minor subdivision. In the course of time such a program would develop an increased burden on the taxpayers.

A letter from the State Chamber of Commerce urged a no vote proposition number 9, the licensing of fishing vessels, because in its present form the measure is so ambiguous its own authors have withdrawn their support.

Dr. T. C. Wilson reported on the joint Hallowe'en program for children which was held last evening (Thursday) at the Niles Elementary school, in conjunction with the Niles P. T. A., Rotary club, Girl Scout, Senior and Junior Chambers, and the school authorities.

NAVY RECRUITING OFFICER AT NILES TWO DAYS WEEKLY

(Special to the Register)

Chief Quartermaster Walter S. Smith, United States Navy, will be in the Draft Board office at 453 First street, adjoining Joe's Corner in Niles, each Thursday and Friday from 9 to 4 o'clock to interview young men interested in joining the navy.

All branches of the navy are now open for recruits from the ages of 18 through 31 and the enlisment period is for six years, he says.

Officer Smith will answer questions, give preliminary examinations and will accept enlistments from applicants.

SIXTY EIGHT OF TOWNSHIP MEN'S NUMBERS DRAWN

VERY FEW WILL BE TAKEN FROM HERE IN FIRST DRAFT

WARM SPRINGS — The first name to be drawn in the National draft lottery in Washington Township was that of John Albert Smith, 28, of Wark Springs. His number is 158, the first number drawn.

Smith is married and has a child 14 months of age. He was born in Warm Springs and has lived here all his life. He has not been out of California. He graduated from the Warm Springs Grammar School and attended high school one year. For the past 12 years he has been employed at the grocery store owned by Postmaster Joe Brown.

Out of the first 20 numbers drawn at Washington on Tuesday, only three were small enough to affect the local draft board, No. 75. They were 158, John A. Smith, Warm Springs; Louis Hans Larson of Livermore, No. 105; and Frank Peter Kruse of Livermore, No. 192.

Coach Jud Taylor, only bachelor on the Washington Union High School staff, was among those drawn and Barton Webb, principal of the night school, was also drawn.

Dick Attinger, past sercetary of the Niles Rotary Club, Clement Donovan, son of Mrs. Rosalie Donovan and brother of Paul Donovan of Napa, formerly connected with The Township Register are also among those "chosen."

Only about 80 men will be taken from all of Alameda County in the first draft, so only a small number of men whose 'numbers are up' will be called from Draft Board No. 75's area.

Arthur A. Kirk, minister

The sermon subject for next Sunday, November 3, will be, "The Freedom of Christian Bondage." The Church worship service begins at 11:00 a.m. There is a friendly welcome to all who would come to these services.

Of special interest to adults is the new plan of operation of the Adult Bible class. It is now functioning under a dual leadership. The teacher, Dr. J. H. Durham, presents the lesson subject briefly in the first part, following which Mr. Carl J. Mohn, Miss Mary Candee, and Mrs. William Sloan on alternating Sunadys, lead a forum discussion. The first month of this new plan has proven to be very successful. Membership in this class is open to all adults. It meets at 9:50 a.m. Sundays at the Irvington church.

In the Sunday School there are special classes for young people of high school and college age, grade school boys and girls, and primary children, which also meets at 9:50 a.m.

Christian Science Churches

"Everlasting Punishment" will be the subject of the Lesson-Sermon Sunday, November 3, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Righteousness keepeth him that is upright in the way: but wickedness overthroweth the sinner" (Proverbs 13: 6). Other Bible citations will include: "Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit: for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn your selves, and live ye" (Ezek. 18: 31, 32).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Do not believe in any supposed necessity for sin, disease, or death, knowing (as you ought to know) that God never requires obedience to a so-called material law, for no such law exists. The belief in sin and death is destroyed by the law of God, which is the law of Life instead of death, of harmony instead of discord, of Spirit instead of the flesh" (p. 253)

C. E. STANLEY WILL GIVE FULL TIME TO SUPERVISOR JOB

Dear Voter:

It is impossible for a candidate for Supervisor in District One because of its size, to personally contact all of its citizens.

I take this opportunity to introduce myself and advise you of my platform.

1. I am a married man. My wife and four children reside with me in District One.

2. I was born, reared and educated in this Supervisorial District.

3. I, if elected Supervisor, will **devote my full time to the duties of office and not engage in any other business or profession.**

4. If elected, I will hold office hours in each city or community in the district at least once a week for the convenience of the voters and tax payers of the district in order to discuss our mutual problems and to be better able to solve them.

The expense of the places where these office hours will be maintained in each community will be without cost to the tax payers.

5. I believe the entire district should receive uniform efficient representation and if I am elected the citizens of all sections of this large geographical area will receive adequate, efficient and proper representation.

Sincerely,
Chester E. Stanley
-adv.

COUNTY ASSESSORS OPPOSE NUMBER 9

The State Association of County Assessors is actively opposing Proposition No. 9 on the November ballot, which is an amendment to the Constitution granting local tax exemption to all classes of vessels documented in the State of California.

They are very much opposed to this amendment because they feel it may very well have the effect of depriving the counties of the state of over $1,500,000 in tax revenue per annum. A majority of the counties will be vitally affected since a number of yachts which would be exempted under this provision operate both on inland waters and from the coast.

LIQUOR FEES PAID

SACRAMENTO — Fred E. Stewart, second district member of the Board of Equalization, today announced the allocation of $117,385 to Alameda County as its share of the distribution of alcoholic beverage license fees earned during the first six-month period of 1940. Of the county's total share, $7,389 will go to the unincorporated areas Stewart pointed out that the current distribution for the entire state amounted to $1,591,980.46. This represents one-half of the net fees earned during the period.

TAXPAYERS BODY OPPOSES HOSPITAL BOND ISSUE NO. 6

The Alameda County Taxpayers Association went on record today as opposing the Alameda County bond issue of $1,593,000 for the construction of new hospital buildings. The decision followed a unanimous vote at a Board of Directors meeting, according to Frederick R. Peake, chairman of a special committee organized by the Taxpayers.

"This action was taken after a two-months' investigation of facilities and costs of local hospitals and clinics," Peake said.

"According to the printed annual reports of the Medical Director of Alameda County, the number of patient or hospital days at Fairmont Hospital have decreased 11.2 precent during the past five years. Considering this," remarked Peake, "there is no emergency caling for increased facilities." He also pointed out that Alameda County still owes $570,000 on the bonds issued for Highland Hospital in 1925.

CHESTER E. STANLEY'S SUPPORTERS STATE FURTHER QUALIFICATIONS

The progress Chester E. Stanley has made in the Supervisorial race during the last few weeks is very noticeable throughout the entire District.

His supporters are very certain that Mr. Stanley's dynamic personality and untiring efforts, plus his other qualifications suit him especially well for the position he is seeking. As most of us know, it is one that requires considerable diplomacy if the best interests of the District are to be served.

The office of Supervisor, we all know, is a well paid position and especially in this district, due to its vast and scattered area we should have the full time and cooperation of the man representing it. For only by so doing can he be in touch with the varied problems and interests of its people.

Mr. Stanley's ability to cope with the problems arising in District No. 1 plus his sincerity and determination make him the choice to represent us as Supervisor for the coming term.

STATE BOARD URGES NO VOTE ON NO. 9

SACRAMENTO — Denouncing Proposition 9 on the November 5 ballot as "class legislation of the most indefensible type," the State Board of Equalization has adopted a resolution urging California electors to vote "no" on this measure.

Wm. G. Bonelli, Los Angeles board member, who offered the resolution points out that the proposal would enlarge the exemption for large vessels engaged in the transportation of freight or passengers to make it include "all vessels except yachts of more than fifty tons burned documented at and operating from any port in this State."

that of the manufacturer. If this cannot be done by parity prices, other means must be found—with the least possible regimentation of the farmer's affairs."

Would Not Pay for New Deal

In the calendar year 1938 the total income of all persons receiving $5,000 and over was $6,528,000,000. If all such income had been confiscated, it would have failed by one billion dollars to pay the Federal expenditures of 1938. It would not be sufficient by $2,600,000,000 to pay the Federal expenditures of 1939.

SACRAMENTO COUNTY SAID TO BE GOING FOR ROOSEVELT

SACRAMENTO — Predicting that Sacramento county would vote at least two and one-half to one for President Roosevelt, Wallace Shepard, chairman of the Sacramento county Democratic Central Committee, today declared the Willkie campaign in Sacramento county had "blown up."

Outlining the election outlook in Sacramento county, Shepard said: "The campaign in behalf of the election of Franklin D. Roosevelt is moving ahead in Sacramento County on all fronts. The people of Sacramento County are thoroughly aware of the necessity, in this hour of national crisis, of placing back at the helm of state for the next four years, a man who is adequately equipped and experienced to handle the impending events upon which the future of our nation may well rest.

"The Sacramento County Central Committee and hundreds of volunteer workers, alive to the importance of placing Sacramento County safely in the Roosevelt column on election day, have made a careful survey of existing sentiment."

Miss Cleo Cooper spoke at Mountain House Farm Center Friday on the subject, "Meaning of Democracy."

VETERANS OPPOSE A THIRD TERM FOR ANY PRESIDENT

Recalling that "it was only a few years ago that we men were fighting for the preservation of democracy" increasing numbers of ex-service men, many of them holders of military honors for individual valor, are declaring themselves opposed to a third term. "The no Third Term tradition is one of the safeguards of our form of government," reads a statement issued by these veterans.

"The last fight was won," they say, "and we don't intend to lose this one." Calling "upon all red-blooded Americans to help us" local veterans have issued thousands of letters to their buddies. "Regardless of our feelings toward the individual candidates for President in the coming election," say the letters, "we must stand together as one man to guarantee this vital safeguard to our democratic form of government."

LABOR QUESTIONS RESULTS ATTAINED BY MR. ROOSEVELT

Among the men in organized labor's ranks who are declaring for Wendell Willkie for President is A. B. Anderson, West Coast Representative of the Commercial Telegraphers Union. In a statement issued to the Willkie Volunteers Anderson says:

"The question as to whether Mr. Roosevelt in his administration has given labor a new deal is now being asked in all seriousness by trade unionists throughout the country. When the Wagner Act became law, labor believed that Mr. Roosevelt was sincerely attempting to bring about a new order for American workers. We believed he would put the unemployed back to work as he had promised.

"But what do we find now,—a Labor Board using the Wagner Act to keep labor divided. We see eleven millions unemployed still walking the streets vainly seeking jobs.

"Lately, Attorney General Jackson, a Roosevelt appointee, has seen fit to persecute the building trades unions. We see skilled trade unionists being removed from Government projects, their jobs being given to unskilled, low-paid WPA workers."

OIL MEN FAVOR ELECTION OF WENDELL WILLKIE

LOS ANGELES — The Independent Petroleum and Consumers Association yesterday went on record as favoring the election of Wendell L. Willkie, according to the announcement of J. A. Smith, president of the statewide organization. Regimentation of business, the trend toward monopolistic control, and the increasing costs of government were given as the chief reasons for the group's opposition to the third term candidacy of President Roosevelt.

"Though less than a year ago the people of California, by an overwhelming majority, voted against any form of government control of their oil industry there are those in the Federal government including Roosevelt who are now seeking to capture the industry by setting up a false hysteria over the possibilities of war. Ickes and his cohorts see in our industry with its vast number of employes an ever-tempting political plum.

"The N. I. R. A. established the fact that once regimented, as in other 'controlled' industries, the public can expect higher prices for petroleum products.

"It is the belief of the members of our organization that if the people of our Nation are to meet the expected seven billion dollar annual cost of improving and maintaining our defense that we be given an opportunity to go forward. To do this there must be fewer legislative bottle necks—not more of them.

"The election of Willkie, we are agreed, will provide that necessary impetus through a sane, business-like administration."

NILES DE SOTO DEALER ENTHUSIASTIC ABOUT FLUID DRIVE

Fluid drive, rocket bodies, more room, increased window space, two-tone fashioning in both upholstery and appointments in custom models, racy, road-worthy appearance, vital mechanical improvements: these are only a few of the enthusiastic descriptive phrases Clarence B. Crane, Niles' De Soto-Plymouth dealer uses in telling about the new 1941 De Soto automobile.

"Imagine starting a car in high and, without harming the car in any way, never having to shift gears all day long, even when climbing hills or in heavy city traffic. Fluid drive, optional in all new De Soto models, enables the driver to do just that," continued Mr. Crane. "And imagine being safe in driving a car at 50 miles an hour with a flat tire. The safety rim, perfected by De Soto engineers, prevents a punctured tire from being thrown off the rim and will eliminate the cause of many serious accidents.

"With its long list of vital improvements, both mechanical and in design," Mr. Crane concluded, "we are looking forward to a deservedly increased number of De Sotos traveling along the highways this year."

LETTER BOX

Dear Sirs:

Enclosed is my check for $4.00 in accordance with the enclosed bill. I enjoy getting the Register every week and learning the news of people and affairs at home; the Register has followed me around to a good many ports in the last few years, and I want to keep it coming.

I'm particularly glad to see my home-town newspaper taking such a sound stand on the anti-third term issue in the present Presidential campaign. More power to your paper, and may your editorial policy succeed in awakening the Township's voters to the seriousness and fundamental character of the issues at stake on the first Tuesday in November!

Please address my copy of the Register to:

Seattle, Washington
yours very truly,
Allen M. Shinn

The Township Register is in receipt of the following interesting invitation from the Republic of Ecuador.

Dear Friend of Latin-America:

Ecuador, land of peace, harmony and industry, wants increased trade with the United States. Here the South-American Andes rival the Swiss Alps and beckon the North American tourist.

In full accord with the international policies of the United States of North America, "muy simpatico" as the Ecuatorianos say and with a heartfelt desire to increase friendly trade relations, Ecuador bids for favor and for consideration of her products in North American markets.

Coffee, Tagua-(Ivory Nut), Cacao and Coca, Hardwood, Mountain Wool. Chinchona (quinine bark), Balsa and a host of handmade, fascinating articles for the individual as well as for the trade, comprise the products of Ecuador.

Ecuador likewise offers tour advantages of highly favorable money exchange, excellent hotel accomodations, unsurpassed scenery and a people that are truly friendly and hospitable towards their "cousins of the North".

Pamphlets have been prepared for distribution, not only among the firms or business houses of the United States, but also designed to interest the individual man and woman.

This organization wishes to send to every interested person or firm: First: a list of Ecuadorean merchandise and trade offerings. Second: Ecuadorean stamps of the latest issue. Third; an Ecuadorean pocket-piece coin, Fourth: a packet of good-will seeds of the beautiful Ecuadorean "Passion Flower" which may be pot-grown in North America.

This material to be mailed, first class, in a sealed envelope to each applicant.

It costs only a 3c stamp to mail a letter to Ecuador from the United States, time consumed each way-approximately 18 days. Air Mail requires but 3 to 4 days, costs 30c per ½ ounce. Applicants for the Ecuadorean good-will offerings listed herein, are requested to enclose ten cents in coin (dime) to assist in defraying postage, cost of material to be sent, and handling charges.

FORUM MEMBERS HEAR ADDRESS ON FAR EAST

CENTERVILLE — "Recourse to war is the most stupid of all ways for nations to attempt to solve their difficulties" asserted Dr. Frank Russell, professor of political science at the University of California, addressing nearly 500 persons Monday evening in the Washington High school auditorium. His was the second of four scheduled addresses on the Defense of America, given each Monday evening at 8 o'clock in a public forum series sponsored by the night school department of the high school.

The speaker traced the development of our economic and political relationship with China and Japan, beginning with the practice of the "open door" policy in 1840, long before it was formulated by Secretary of State John Hay in 1895.

He pointed out that Japan was a signatory to the nine power pact drawn up at the London Naval Limitations conference in 1923, but because of the world depression in 1931 Japan found it convenient to break its solemn pledge of non-agression, and invaded China.

He stated Japan now has the same type of totalitarianism under the Japanese military leaders which the Germans suffer under Hitler. He said that Japan had lost more in money, men, trade and good will because of her ruthless war on China than she could have possibly lost by having consulted, and come to agreements with other nations, including China.

The speaker answered many questions put from the floor upon invitation of the evening's chairman.

The next speaker will be Dr. Werner of the College of the Pacific faculty, who will speak on the Defense of the Western Hemisphere next Monday evening at 8 o'clock in the high school auditorium. These addresses are free and the public is invited to enjoy them

"BIG C SIRKUS" TO BE SHOWN AT U. C. DINNER SOON

Colored motion pictures of last year's "Big C Sirkus" at the University of California will be shown at the dinner meeting of the Washington Township University Club at the Washington Union High School on Thursday night, November 14, at 7 o'clock, according to Ed Enos, president.

Robert Sibley, executive secretary of the U. C. Alumni Association, has been invited to speak and there will be college songs and yells. At a business meeting preceding the program, officers will be elected. All those interested in the University are invited to attend.

Mrs. Ray Fussell left on Friday for Los Angeles where she will visit relatives for a month.

of number 5, daylight savings: number 13, leasing of state parks for oil drilling (this proposal, in different disguises, has been defeated many times heretofore), and number 16, the passage of which would carelessly alter the constitution of the State of California.

Of the county amendments, I suggest a no vote on number 1, which apparenty gives a free ride to Pensionland to any and all elective officials; and particularly number 5, which raises the retirement pay ceiling from the present maximum of $3,000 per year to $4,800 per year. Most families can keep off the WPA on $3,000 per year. The Alameda County Taxpayers association says the use of county hospitals has DECREASED in the past five years and recommends a no vote on amendment number 6.

Mark up your sample ballot in the privacy of your home this evening while you can give it your undivided attention. Then take it to your polling place next Tuesday, and cast your vote intelligently and quickly.

Warm Springs is a fine advertisement for the salubriousness of our Washington Township climate. To have "Cold Summers" anywhere in the Township would spoil it!

SO THEY SAY . . .

JOHN L. LEWIS, chairman of the C. I. O., over the radio last Friday night:

"The president plays with the lives of human beings as a pastime".

"He is an amateur in the arena of political experimentation."

"We Americans are not guinea pigs."

"His re-election will be a tragedy of the first magnitude."

"If the C. I. O. membership doesn't vote Wendell Willkie into office I will retire as president of the C. I. O."

He addressed his half hour, $45,000 radio talk to the 10,000,000 members of his organization, as well as to negroes, Christians and mothers.

Note: in 1936 Lewis supported Mr. Roosevelt and contributed $500,000 to his campaign.

* * * * *

IRVING S. COBB, life-long Democrat, over the air from Tulsa, Oklahoma, last Friday night:

"The new deal, in dealing from the bottom, becomes a double deal."

"We democrats, and even you republicans, have taken more punishment these past 7½ years than we deserve."

"Willkie has the horse-and-buggy practice of keeping his bounden word."

"Should we refer to Mr. Roosevelt as the great humanitarian or the great meddler?"

"I am tired of voting for a species, this time I am going to try the experience of voting for a man, Wendell L. Willkie."

"If you folks love your dulcet fireside chats why dont you elect a real crooner like Bing Crosby?"

"Willkie pretends to be nothing but a paltry human being."

IF your advertisement were in this space, as many people would read it as are reading this. But your advertisement isn't here, and because it isn't, many people will go elsewhere to get what they might have bought from you!

"Running Interference"

"Your Mr. Roosevelt is a 1940 model Moses leading his people through a Red (ink) Sea!"

* * * * *

FRANK LOWDEN, former Republican governor of Illinois, over the air last Friday night:

"The administration does not have to spend 22 billions of dollars in increased national debt to prime the business pumps: business and the banks have more idle capital than they know what to do with. Give them a stable government and the idle capital will flow forth naturally."

"President Roosevelt seven years ago secured exclusive power to alter or devalue our American dollar. He not only did not return that power when the emergency of 1933 had passed, but insisted that power be continued solely in himself. He is one of but four men on earth who have that sole power. The other three are Stalin, Hitler and Mussolini."

"A week before his first election Roosevelt promised solemnly this country would not go off the gold standard. Within five weeks he forced it off the gold standard. It is still off the gold standard. The only other countries beside the Roosevelt-controlled United States which makes it a crime for private citizens to own gold are Russia, Italy and Germany."

* * * * *

WENDELL L. WILLKIE, huskily over the air Friday night:

"It is impossible for a Democracy to survive if our representatives dont keep their promises, and dont keep faith."

* * * * *

KATHLEEN NORRIS, over the air Friday:

"A few months ago Mr. Roosevelt said he was tired of office and wanted to retire. (Last Friday he told reporters he would serve all of the four coming years, if he is elected.) I believe he has done all the good of which he is capable. It is now time for him to step out and make way for another man with fresh viewpoints, as his predecessors have done."

* * * * *

EDWARD FLYNN, Democratic National Chairman, over the air Friday night:

Said nothing sufficiently original or impressive to warrant quoting. Spent most of his costly 15 minutes decrying the smear campaign allegedly being used by Republicans and others by means of leaflets and brochures calling the president all kinds of names. When he got through he said these muddy tracts did not bear the imprint of any legitimate anti-Roosevelt organization: they were probably printed and circulated anonymously!

Only two weeks ago the same Mr. Flynn publicly and properly disavowed and decried certain scurrilous pamphlets attacking Mr. Willkie's ancestry and even Mrs. Willkie: which was the decent and gentlemanly thing to do.

Such be politics in this land of the free!

* * * * *

PAUL V. McNUTT, federal social security administrator, at a $100 a plate dinner in Philadelphia last Thursday:

"The new deal's Republican opposition is 'haunted by the ghosts of an outmoded generation' " . . . including, no doubt, Washington, Jefferson, Lincoln, Wilson and others of the new deals "forgotten men."

* * * * *

HENRY WALLACE, democratic candidate for vice president, over the air Friday night:

"Nazi agents in this country have been instructed to work for the election of Wendell Willkie."

"The totalitarian powers choose Willkie for president of the United States because of his ignorance."

(Editor's note: I would not have believed the above statements issuing from the mouth of a man high in public office, if I had not heard them myself. Why doesn't the New Deal remove these nazi agents?)

The name of Lindbergh was boo-ed.

He truthfully said that republican senators and representives had voted against heavy defense apporpriations in 1938 and some part of 1939.

* * * * *

HERBERT HOOVER, our only living ex-president:

"To say any man is 'indispensible' is as dispensible as a personal ailment."

"To admit dearth of ability elsewhere in our republic than in Washington means that our free democracy has already gone."

"Subserviency in legislative halls is the place where liberty commits suicide."

"Franked (free) mail during the 12 years before the New Deal amounted to $9,000,000. Now it amounts to $35,000,000."

"Intellectual dishonesty is the fine art of fooling a free people."

* * * * *

HAROLD L. ICKES, secretary of the interior, over the air Monday night:

"Wendell Willkie is a dangerous man, he is so ignorant."

WALTER WINCHELL, the one-man newspaper:

"Mr. Hitler, we prefer your mailed fist to your bloody handshake."

WALTER DAVENPORT, co-editor of Colliers:

"Among the first of America's ideas of a really good time is the defeat of a champion."

"But whatever happens we can be depended upon to be completely unprepared for it."

"His (Roosevelt's) speech is as slick as the white of an egg. He purrs persuasion. You may doubt his sincerity but never his courage. He says nothing he hasn't said for eight years but millions hold their breath as he speaks."

ANY CHANCE?

Do we, the voters, by any chance next Tuesday, get to choose by our vote, between golden words and golden MONEY?

Here's a cute card, came to my desk last week:
Help Roosevelt 'OUT' — vote for WILLKIE

"To see Willkie and hear him talk (not read) his message to the people, one would know that he was just a middle classer, and no matter how high he may be elevated in position, he never would be changed from being as common and plain as you or I"

FUTURE FARMERS ENJOY TWO EVENTS DURING THE WEEK

CENTERVILLE — Two propects of interest to Future Farmers of Washington Union High School took place this week, one being the annual Sears-Roebuck Foundation contest at San Jose and the other the soil erosion demonstration at Mission San Jose.

At the San Jose affair Elmer Leal's Chester White sow competing with 47 animals placed second for that breed. Also in the contest from here were Oliver Benbow and Lawrence Johnson with a Hampshire sow and a Duroc-Jersey sow.

The boys were given 50 baby chicks each and were entertained at a banquet at the St. Claire Hotel Accompanying them were O. C. Brown and James Elsea, instructors. The sows were given to the boys by the foundation and at the end of the first year a sow is to be returned from each first litter, these in turn to be given to other boys.

The soil erosion demonstration took place at the Telles ranch at Mission San Jose as the project of Mervin Telles, president of Washington Chapter of F. F. A. and also president of the Student Body of Washington Union High School.

Representatives of the Soil Conservation Commission were present to discuss the practice of contouring to prevent sheet erosion. This involves a drastic change in the whole program of crops and consists mainly of strip cropping which leaves stubble of Spring crops to prevent erosion while the Fall crop is maturing and vice-versa. Permanent grass such as English rye is to be planted on the terraces of the most seriously affected areas. Soil erosion is becoming more and more a serious problem, according to O. C. Brown faculty adviser. It is particularly noticed on ranches along the foothills and in hillside vineyards but can be corrected by proper treatment.

NILES LOCALS

Nita Lagorio of Niles, student on the campus of the University of California, has been appointed to the Student Advisory Board of the Honor Students Association. Their work consists in advising lower division students and any other students who need help in the various university cources.

Decoto had a soaking downpour last Friday forenoon, while Niles, less than three miles away, did not receive a drop.

The annual bazaar of the Corpus Christ church in Niles is being held today and tomorrow in the Odd Fellows hall at Niles. The pub lic is invited.

Mrs. E. C. Dawson gave a birthday party in her home at Niles on Tuesday, celebrating her oldest son, Edgar's fourth birthday. A group of small boys was present to enjoy an afternoon of fun.

LIQUOR SELLERS SHOULD ASK MINORS FOR DRAFT CARDS

SACRAMENTO — Liquor licensees no longer will have any reason for selling drinks to minors, in the opinion of Fred E. Stewart, second district member of the State Board of Equalization.

"The registration of all male citizens between the ages of 21 and 35 for selective service will give alert alchoholic beverage dispensers and adequate safeguard against selling liquor to minors," Stewart said.

"If there is any doubt as to the age of a prospective purchaser, the licensee henceforth can ask for the production of the registration card which the young man is required to carry with him. Lack of such a card would, of course, indicate that the youth is under the required age of 21.

"While this means of determining age will be confined to males, experience has demonstrated that most violations of the law prohibiting sales to minors have occurred with respect to boys rather than girls," Steward stated.

BIG CARD PARTY

CENTERVILLE — One of the largest card parties in the history of the department was given by the Centerville firemen last week with 72 tables filled. A total of 172 prizes went to lucky players with Ralph Emerson winning a 16-pound turkey.

ROTARIANS HEAR REASONS FOR MISFITS IN JOBS

LADIES NIGHT PLANNED FOR NOVEMBER 16 AT HAWAIIAN GARDENS

Responsibility for the fact that there are not enough trained mechanics for the National defense program, that 85 per cent of jobholders cannot hold those jobs because they cannot get along with people and the fact that young people expect to start half way up the ladder to success instead of at the bottom was placed with the parents by last week's Rotary Club speaker.

Dr. Benjamin E. Mallary of the vocational education department of the University of California and a member of the State Personnel Board made a number of challeng ing statements at the Rotary luncheon at the Hotel Belvoir last Thursday.

"Vocational guidance has changed drastically in the last few years Any boy or girl who has the mentality and whose parents can afford it should take a four years' college course but they don't need to know what they want to do when they start. They must learn to start at the bottom, take the first job that is offered and study in leisure time for a place in this rapidly-changing world. They must be fitted not for one job but for any number of jobs," he said.

"During the depression it was impossible to get enough boys into highschool shop classes. We lack machinists that could be trained into tool makers because parents have wanted their sons to be professional men. The draft should apply to men to the age of 65, for in no other way can we locate men who are trained as machinists and tool-makers for the National defense program." (Editor's note: machinists above draft age can serve their country just as well as civilians. Factories need mechanics more than the army.)

Ed Enos reported that ladies' night would be held at the Hawaiian Gardens on November 16 and President George Smith urged all Rotarians to attend the public forum at the high school next Monday night when the Defense of the Western Hemisphere will be discussed.

C. W. Kraft presented to the club a banner which was the gift of Armando Pereira, International Rotary president, who was in Niles last week. This was the only community in the Metropolitan Oakland area to entertain the visitor. Motion pictures were made of him and some of the local Rotarians at the highway Rotary wheel, the largest Rotary roadsign wheel in the world. It measures 10 feet in diameter. Kraft also said that plans were being made for an inter-city meeting with the San Jose club as a result of the attendance of Niles Rotarians at the San Jose luncheon last week in honor of the visiting International president.

DECOTO LIBRARY MOVES INTO PERMANENT HOME

DECOTO — The Decoto branch of the Alameda County Public Library moved into perment quarters on Tuesday and will occupy the residence formerly the home of Mr. and Mrs. William Hurst between F and G streets on 11th street.

Mrs. Elsa Walker, librarian, is delighted with the building as its large living and dining rooms adjoining offer space for the general reading room and other parts of the house will furnish a meeting place for clubs.

The flower arrangement class taught by Mrs. W. L. McWhirter, a girls' club and a patrol of Girl Scouts to be organized will make the library building their headquarters.

The organization of a library association will be considered at a meeting of the Discussion Group at the home of Mrs. L. W. Musick on Friday.

COUNCIL SUGGESTS CLOTHING DRIVE FOR NEEDY PUPILS

CENTERVILLE — Recommendations for increased traffic safety, health education and furnishing of clothing to needy children for Winter were discussed at the last meeting of the Coordinating Council at Washington Union High School.

Upon a plea by Mrs. W. L. McWhirter that something be done to lessen possibility of accidents at the entrance of the Masonic Home, the council recommended that the local lodge of Masons be contacted and J. V. Goold was appointed to write the Alameda Lodge with this intent. During the past month several serious accidents, some of them resulting in fatalities have taken place at the entrance to the Masonic Home.

The council also suggested that each grammar school in the district put on a clothes drive for needy students during Winter. The secretary was instructed to write the Child Welfare Club thanking it for assistance with distribution of last Christmas' donations of food by high school students and asking cooperation again this year.

There was further discussion of the suggestion made last month regarding Halloween parties in each community and the consensus of opinion seemed to be that most people favored the idea. Reports from deputy sheriffs indicated that for the last two years such parties had lessened damage done on Halloween night.

Principal A. J. Rathbone in reporting on recent conferences of patriotic nature said one of his outstanding impressions was the deploring of modern, scientific "de-bunkers of history" who sought to discredit the memories of this country's heroes by hunting out personal and unimportant details (many of them open to question as to veracity) that would reflect on the honor of these men. He also reported that the present accepted method of saluting the flag was by placing the right hand over the heart instead of with the extended hand. The military salute is for military groups only, he said.

A new member of the council is Theodore Waller, NYA supervisor of Alameda and Contra Costa counties.

LEGION MEMBERS VOLUNTEER TO ASSIST DRAFTEES

At last Wednesday night's meeting of the Washington Township Post of the American Legion, held in the Memorial hall at Niles, Comrade Lewis Drake, chain store manager of Hayward, who is a member of Draft Board No. 75 at Niles asked members of the post to volunteer to aid drafted men in filling out their questionaires.

Commander Ray Peterson and Jack Vieux volunteered for Niles, Arthur Cotton for Newark, John E. Dutra for Centerville, and Comrades Corey and Hammond for Irvington. These men may be reached at their homes in the evening by drafted men who don't have the opportunity to apply to the draft board at Niles during the day.

Other business transacted included an invitation to service men, extended by Comrade Drake, to attend an All Veterans get together and roll call at the former Rocci's restaurant near the San Mateo bridge entrance on the night of November 10.

Comrade Vieux announced the annual Armistice Day football game would be played on the afternoon of November 11 between the W.U.H.S. huskers and the Livermore squad, at Livermore.

The next regular meeting will be held November 13, after Armistice Day, it was pointed out. Dues for the new year should be paid by members prior to Armistice Day, Comrade Scott, chairman of the membership committee, announced.

— Vote Tuesday! —

Following an enjoyable vacation Jack Pereira is back at his job at the C. L. Best's estate.

MUST PAY FINE

ALVARADO — Ralph Nieto, employee on Ted Harvey's ranch at Alvarado, appeared in the Centerville court last Friday to explain why he had not paid a $75 fine for driving while drunk. He explained that he would be able to pay the fine this week and due to the fact that he has four children under the age of 15 years for whom he is the sole provider and supervisor, the Judge agreed to wait once more. He warned Nieto, however, that "money or jail" would be the verdict on Friday.

TAXPAYERS GROUP OPPOSES CHANGES IN COUNTY PENSIONS

"No alteration of the county retirement plan" was the unanimous decision of the executive committee of the Alameda County Taxpayers' Association today. After analysis of County Propositions Nos. 1 and 5 the Taxpayers' officials took decisive action against them and made the following announcement.

This proposed amendment No. 1, to the Charter of the County of Alameda if approved by the voters would permit elective officials of Alameda County to participate in the Alameda County Employees' retirement system. An authentic actuarial report states that the security of the present pension fund will be jeopardized by having to bear an excess of obligations assumed over contributions receivable amounting to $59,187.

The proposed change in the pension system would permit 25 elected officials to become eligible to join the pension system, many of whom now receive salaries of from $500 to $833 per month, each.

No. 5: is a proposal to amend County Ordinance No. 290. Approval of this proposition would increase from $250 to $400 per month the maximum basic rate upon which monthly payments are made by Alameda County employees who are members of the Pension system.

The passage of this measure would benefit 64 County employees now receiving salaries of more than $250 per month. It would not benefit approximately 1300 employees receiving less than $250 per month.

The Alameda County Retirement Fund as approved by the voters in 1934 was designed to benefit County employees in the lower salary brackets. However, this mea sure would alter this basic provision.

GRANTS PROBATION

Louis E. Rockwell of San Leandro, arrested at Mowry's Slough on the opening day of duck season, pleaded guilty to shooting before sunrise at a hearing before Judge J. A. Silva at the Niles Justice Court but claimed he had to "shoot early to get ahead of the poachers." Judge Silva put him on probation for six months on the condition that he pay $10. Rockwell was arrested by Deputy Game Warden O. P. Brownlow.

ENLISTMENTS FOR THREE YEARS IN AIR SERVICE AVAILABLE

SAN FRANCISCO — The U. S. Army Air Corps is really growing up according to Colonel G. T. Perkins, who is in command of the Northern California Recruiting District. A requisition for three year enlistments of 640 more men for service in the Air Corps was received today the Colonel stated, explaining that only unmarried men between the ages of 18 and 35 with a high school education or its equivalent, or, with a journeyman's rating in a mechanical trade would be considered eligible for enlistment in the Air Service.

The requisition calls for 400 men for G. H. G., Air Corps Detachment at Hamilton Field, 200 for G. H. Q., Air Corps Detachment at McChord Field, and 40 for Observation Squadrons at Hamilton Field. Young men interested in air service should call at their local recruiting station without delay as this may well be the opportunity of a lifetime, Colonel Perkins concluded.

RETURNED TO JAIL

DECOTO — Richard Santiago, 24, of Decoto was returned to the Alameda County jail after a hearing before Judge J. A. Silva at the Niles Justice Court last Friday afternoon, pending another hearing. Members of the family said Santiago was on parole from the Napa State Hospital. He was arrested in Decoto on a drunk charge

WHY I am going to vote for WILLKIE

1. He is a man who has climbed to the top the hard way—he understands people and knows the value of money.
2. He was nominated by the people.
3. He has a sound and sympathetic understanding of the needs of labor, agriculture and industry—based not on theory but on practical experience.
4. He knows that the power to tax is the power to destroy and that agriculture and business must be given an opportunity to make a reasonable profit.
5. He knows that money and men will go to work by modifying our tax laws thus giving an opportunity for idle capital to circulate rather than going into tax exempt government securities.
6. You may disagree with him and yet retain his good will.
7. During depression years the utility company he managed put men to work instead of letting them out, demonstrating that money could be made. Yet, his company's rates were lower than any other private or government owned utility company.
8. He believes in his fellow men.
9. He will encourage the cooperation of Agriculture, Labor and Industry to achieve the "American Way of Life".
10. He will speed up the defense program by giving authority and responsibility to men who know how to accomplish this.
11. He will do everything he can to keep us out of foreign wars; at the same time his first consideration will be to place this country on a sound economic and defense basis.
12. He values peace as only a man who has served his country overseas in World War No. 1 can value peace.
13. He will strive to put farmers and farm labor on a more equal footing with industry.
14. He will put forth every effort to protect American farmers from the importation of cheap agricultural products which are plentifully grown in this country.
15. Men will be taken off relief and put back to work by encouraging Private Enterprise.
16. Expenditures will be more closely controlled in the interest of larger economy.
17. He is a natural leader of men, earnest in spirit and full of confidence in the rightness of his cause.
18. By electing Mr. Willkie, not only will we be retaining the traditions that have been followed since the founding of our country of never electing a president for more than two terms; but we will be taking no chance of getting a dictatorsbip started here.
